The AVR conference promises to offer valuable insights, networking opportunities, and inspiration to attendees. Discover the latest trends, applications, and breakthroughs that are revolutionizing various industries, including healthcare, gaming, education, architecture, and more.

One of the highlights of the event will be the presentation of scientific papers during the proceedings. Renowned researchers from around the globe will showcase their work, discussing advancements in areas such as 3D visualization and modeling, computer graphics, motion tracking, and human-computer interaction.

Keynote speakers, recognized for their influence and expertise, will deliver captivating talks that explore the potential impact of virtual and augmented reality on society. Attendees will have the opportunity to learn from these distinguished individuals who are shaping the future of this dynamic field.

In addition to the conference itself, Lecce offers a delightful experience for visitors. Known for its rich historical landmarks, awe-inspiring architecture, and vibrant cultural heritage, this charming city is the perfect destination for exploring during your time away from the conference sessions.

Join us in Lecce, Italy, on September 10, 2020, and be part of the 7th International Conference AVR. Prepare to be inspired, amazed, and thrilled as

you witness the unveiling of groundbreaking innovations and connect with fellow experts and visionaries.

Attendees

The AVR conference attracts a diverse range of attendees who are passionate about virtual and augmented reality. Academics, researchers, students, industry professionals, and technology enthusiasts come together to exchange ideas, build connections, and gain a deeper understanding of the latest advancements in this ever-evolving field.

Students attending the conference will have the opportunity to network with leading experts, discover potential research opportunities, and get exposure to cutting-edge technologies. They can also showcase their own projects during the conference, opening doors for collaboration and recognition within the community.

Academic professionals and researchers can engage in fruitful discussions, share their findings, and collaborate with peers from around the world. The conference provides a platform to learn from renowned experts, receive feedback on their work, and get inspired by the latest trends and innovations.

Industry professionals, including developers, designers, and entrepreneurs within the virtual and augmented reality sector, can gain valuable insights into emerging technologies and potential business opportunities. The conference offers a unique chance to connect with potential partners, investors, and clients in an environment that fosters collaboration and creativity.

Why Attend AVR 2020?

The 7th International Conference AVR 2020 is an unparalleled opportunity for anyone interested in virtual and augmented reality. Here are just a few reasons why attending this event is a must:

1. Networking Opportunities:

Connect with industry leaders, researchers, and fellow enthusiasts who share your passion. Build relationships and expand your professional network.

2. Knowledge Sharing:

Gain insights from industry experts and academic professionals on the latest research, technological advancements, and best practices in virtual and augmented reality.

3. New Business Ventures:

Discover potential business opportunities in this rapidly growing field. Explore emerging markets, showcase your own products and services, and connect with potential clients and investors.

4. Educational Experience:

Learn from renowned speakers and experts who are shaping the future of virtual and augmented reality. Expand your knowledge and stay ahead of the curve in this dynamic industry.

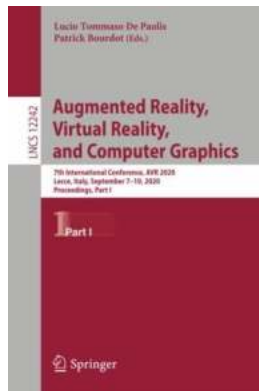

5. Inspiration and Creativity:

Experience the thrill of being part of a visionary gathering, where innovative ideas are born. Get inspired by groundbreaking projects, research, and applications.

The 7th International Conference AVR 2020 in Lecce, Italy, is set to be an extraordinary event that will shape the future of virtual and augmented reality.

Whether you are an academic professional, student, industry expert, or technology enthusiast, this conference offers an unrivaled opportunity to connect, learn, and explore the limitless potential of this rapidly advancing field.

Don't miss out on this incredible gathering of visionary minds. Mark your calendars for September 10, 2020, and join us in Lecce for a life-changing experience!
