An uplifting book that shares the Animal Medium Readings of others who have also lost a beloved pet. It will make you smile and strengthen your faith that our animals really are on the other side!

After 25 years of providing Animal Medium Readings to clients, I wanted a book that would truly help pet owners deal with their animal's passing. I thought the best way to illustrate this was through my readings. This book is a journey through the experience of clients and their animals.

Every pet in these readings wants to point their humans to the "in-betweens," not the end of their life. They celebrate the times with their humans, the bond between them. This connection between animal and human remains even in death.

After many years of connecting to animals who have crossed over, one thing is certain. Animals are on the other side and they are not alone.
