Would you become a symbol of hope and inspiration for those in need? These are the questions that define the superhero archetype and shape the choices we make in life.

The Supervillain Persona

On the other side of the spectrum, we have the supervillains. These characters embrace chaos, power, and dominance. They possess a cunning intellect, coupled with a distorted sense of morality. Through their powers, they cause destruction and instill fear in the hearts of others. While superheroes strive to protect and save lives, supervillains revel in destruction and chaos.

Would you become a force to be reckoned with, feared by all who dare to challenge you? 3 Unique Storylines. Over 50 Possible Endings. Just one question... Will YOU Be a Hero or a Villain?

You know the superhero fantasy. What would life be like if you had superhuman abilities? But really, given the choice, would you save the world or conquer it? In SUPERPOWERED, the choice is yours.

After a bizarre experiment leaves you with one of three superpowers (play the book multiple times to explore all three!), you must ally with or confront the other two test subjects while the fate of Mercury City--nay, the world!--hangs in the balance.

Here's how it works: You, Dear Reader, are the main character of this story. Save the world or conquer it, the choice is your. "There's someone up there! He's going to jump!" Thirteen stories up, black smoke billows out and curls up the sides of the building:

- There may be a crowd, but I'm the only one who can save him! [Go to page 351](#)
- Gross. I don't want to be around to see that. [Go to page 244](#)

Fans of Marvel's Avengers or DC's Justice League can now live their own comic book adventure (even if you're more of a Deadpool or Joker type). Like the gamebooks popular in the 1980s-90s (Choose Your Own Adventure, Give Yourself Goosebumps, etc)*, this is a series where you choose how to progress through the book. Unlike any others, this is the first series designed specifically for adults.
