Before Guy Gavriel Kay became known for his groundbreaking works of speculative fiction, establishing himself as one of the world's most respected writers in that genre, he was an accomplished poet, his work appearing in major literary journals such as *The Antigoni* Review and *Prism*. Through the years, while writing his dramatic international bestsellers, Kay has continued to quietly explore the paths and boundaries of poetry as well. Now for the first time, Guy Gavriel Kay's poetry has been gathered and selected for publication. For those familiar with his fiction, the poems in *Beyond This Dark House* will resonate for their linguistic and emotional nuances and their mythological allusions, echoing and illuminating themes of his fiction. But readers of contemporary poetry will also be captivated by the exquisite craft and power of these poems. Some are ironic and austere, slyly tracing the interplay of writer and world, present and past; others are sensual, even erotic, charting the mercurial but abiding nature of passion-in love, in language, in history.
