Adorable bluebirds and tiny purple flowers are a lovely addition to any kitchen. This recipe box will hold index cards and similar sized recipes. It is the perfect way to organize and store your family's favorite recipes. Stitch this plastic canvas pattern using 7 count plastic canvas mesh and medium weight yarn.

Plastic canvas is a variation of needlepoint and other canvas work crafts, such as embroidery. Our patterns are designed to use acrylic or wool based yarns in medium or worsted weights. Because plastic canvas mesh is so rigid, it is perfect for creating 3-dimensional objects such as tissue box covers, small jewelry and trinket boxes, handbags, magnets, dolls, vases, napkin holders, wind chimes and many other types of both decorative and useful items. Dancing Dolphin Patterns have full instructions, and large full color charts.

Plastic canvas comes in different colors and with various size holes for different thicknesses of yarn. As with any textile canvas, the hole size is called count. For example, 10-count plastic canvas mesh has 10 holes per linear inch. The most common sizes are 5, 7, 10, and 14 count. It is sold most often in sheets; pre-cut shapes are available in circles, triangles and novelty shapes such as butterflies, hearts, and stars. Our patterns are designed using 7 count plastic canvas mesh.
