Cheating Death – Owen Mc Gough

Cheating Death is a tarot effect created during 2011 – 2012. I was looking to create a card effect without using playing cards, as I already had more than enough card tricks in my working routines.

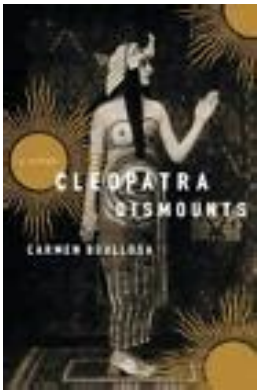

What I wanted was a mentalism effect that would raise some of the questions other effects create.

Once I performed Cheating Death in the manner I am about to outline and saw the reaction, I knew I had created exactly the effect I was looking for.

This is one of those routines that, in my mind, seems to have its own inbuilt theatre. This will always appeal to the way I like to perform.

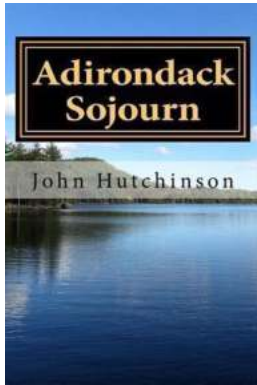

For now I Hope you enjoy ‘Cheating Death’.
