If you know someone who loves coloring and is a wild green ecological fiend then this coloring book is a must gift for them, watch their eyes light up when they see this book, it will be picture to say the least.

- The latest research: According to recent research, compared to reading, coloring reduced anxiety and improved mindfulness. Adult coloring requires modest attention focused outside of self-awareness. It's a simple activity that takes us outside ourselves in the same way, cutting the lawn, knitting or taking a Sunday drive can all be relaxing.
- Effective methodology: Sharpen and sort your pencil/crayons by color. Use a scrap paper at the end of the book for covering the rest of the page and a piece for trying out the colors and color combinations.
- Money-Back Guarantee if you are not satisfied with the book. If the pictures are blurry, the printer must be almost out of ink. Please submit a request for a reprint and we will send you another one. Check out 'Look Inside' feature to take a sneak peek at our book.
