With a simply elegant square neckline, this lace yoke with sleeves is decorated with a bouquet of roses and features a scooped bottom edge. The pattern was designed in 1920 by Ida C. Farr for a girl's yoke. You can use fine crochet cotton to make it child-size, or use larger crochet thread for adult sizes.

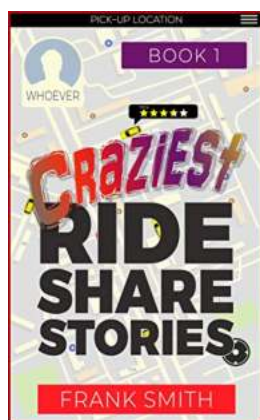

This is not your usual scanned vintage crochet pattern. To make this pattern great for today's crocheter I wrote complete instructions, expanded the written instructions so you won't need to skip around, and made an easy to follow chart. I also changed the written instructions to use modern US crochet terms.

The only stitches you need to know to complete this lace are: chain stitch, single crochet, double crochet, and slip stitch.
