An Amazon Bestselling Book!

Control is the third of four books in the Power Series based in the world of the sexy and powerful Sethi Brothers. It is the first part of a duet centered around Jai that ends in a cliffhanger.

It's all mine now. Power. Money. Legacy.

I've wanted this for as long as I can remember.

I just didn't expect it to include ghosts from the past.

They haunt me and everyone I care about--threatening to ruin us.

My destiny seemed bleak, until Claire Varon.

Fire disguised as ice. The devil with the face of an angel.

Like the eye of a hurricane before the worst part of her storm has yet to strike.

Her secrets push away anyone who dares to get close.

But, I have secrets of my own, making me a worthy adversary against the impenetrable walls she's trapped herself within.

The only thing we agree on is the need for control. What she doesn't know is that I always win.

Books 1 & 2 should ideally be read first but isn't necessary. Book 4 will be needed to conclude the epic story introduced in Control.
