Plastic canvas is a type of plastic grid with evenly spaced holes that make it easy to create intricate patterns and designs.

Unlike traditional cross-stitch or embroidery, plastic canvas allows you to experiment with different textures and dimensions, adding depth to your creations. From functional items like coasters and tissue box covers to decorative pieces like wall hangings and ornaments, the possibilities with plastic canvas are truly endless.

Each volume includes a variety of different types of patterns including coasters, magnets, tissue boxes, dolls, trinket boxes and much more!

All patterns are stitched using 7 count plastic canvas mesh. Our patterns have full instructions and feature large, full color, easy to read graphs.
