Adjacent to West End Lane, lies Fortune Green, a tranquil green space where I retreat for a breath of fresh air. Walking along the winding paths, surrounded by lush trees and vibrant flowers, instantly clears my mind and renews my energy. The park offers a haven for picnics, yoga sessions, and friendly gatherings.

The Vibrant Community

West Hampstead is renowned for its diverse and close-knit community. It has a rich history with an array of cultural influences, reflected in the local establishments. The aroma of freshly baked bread from the artisan bakery effortlessly mingles with the scent of exotic spices from the international supermarkets.

Attending the weekly farmer's market is a highlight of my weekends. The lively atmosphere, the array of organic produce, and the friendly banter with the local traders make it a memorable experience. It's a prime opportunity to support local businesses and connect with like-minded individuals.

Embracing the Arts and Culture

West Hampstead is a hub for creativity and artistic expression. The community actively engages in various cultural events and activities. I find solace in attending the local theatre productions, where talented actors bring stories to life on stage.

The local art galleries also offer a feast for the eyes. From contemporary paintings to thought-provoking sculptures, I immerse myself in the vibrant art scene, constantly discovering new artists and appreciating their unique perspectives.

Culinary Delights

West Hampstead is a culinary paradise with an eclectic mix of restaurants and cafes. From trendy brunch spots to cozy family-owned eateries, there is something to satisfy every palate.

One of my favorite gems is a little Italian restaurant nestled in the heart of West End Lane. With its warm ambiance and authentic flavors, every visit feels like a

trip to Italy. The mouthwatering pasta dishes and tiramisu are simply irresistible.

Evening Strolls and Local Events

As the evening unfolds, West Hampstead takes on a magical ambiance. The soft glow of streetlights illuminates the cobblestone paths, casting whimsical shadows on the brick buildings. It's the perfect time for a romantic stroll or meeting up with friends at one of the local pubs.

Throughout the year, the community organizes exciting events that bring everyone together. Whether it's a summer street party, a Christmas market, or a music festival, the festive atmosphere is contagious. It's a chance to celebrate, create lasting memories, and strengthen the bonds within the community.

A Sense of Belonging

Living in West Hampstead has offered me more than just a place to call home. It has provided a sense of belonging, a community where connections are formed, and lifelong friendships are forged. The constant buzz of activity, the cultural diversity, and the unwavering neighborhood spirit make each day in West Hampstead unique and cherished.

If you're seeking a place where the everyday becomes extraordinary, where community and culture intertwine, West Hampstead North London is undeniably worth exploring.

This is the second book in the Just Keep Going Man series. Just as in the first book, Just Keep Going Man, Just Keep Going Man Once Again, Is This Hello or Goodbye to England- Diaries of My daily Life at West Hampstead North London is a travel book. I kept dairies of my daily life in North London From February 2018 to August 2018 and my travels around London and its surrounding home counties. I visit towns of Norwich in West Sussex, Rochester, Richmond, in Surrey and Dover in Kent. I also take trips to Paris and Nice France. However, Just Keep Going Man Once again is more than just travel book. It is a conscious search for a home in my native country of Britain; a search for friendship, love, and coming to terms with the subconscious and what deep down is driving my search. This also is a story about overcoming the adversity of living from my wife and young son, and the bereavement of family members I lost over the past several years, while simultaneously trying to make one's livelihood as a creative in the very competitive city of London. During my search I talked with many Londoners and Britons and found the country was in search of as no one was sure what would happen with the Brexit negotiations and the direction the country

was headed in. I don't take any political sides, I just write about some conversations I had with everyday people. This is an adult book as I speak frankly about my loneliness, sexual desires and happiness. This was not calculated- this is the realist style of writing. This is just Keep Going Man Once Again!
