Easter Island has intrigued and mystified us for centuries. This podcast will enhance your trip by providing a peek at the most coveted attractions.

Easter Island has intrigued and mystified scientists for centuries and tourists for decades. With over 800 Moai statues either standing erect, lying, or partially finished, Rapa Nui emits a mystique unmatched by any other Island. Located 2200 miles from Chile and 2500 miles from Tahiti, it is the most remote inhabited island in the world. At 64 square miles and shaped like a triangle, it packs a lot of mystery and adventure into one small place. This tour provides the details to an enjoyable trip, whether it's virtual or on the island.

AUTHOR - Thomas Kamrath has visited 30 countries and territories with his eyes set on 100. He has photographed and written island articles about New Zealand and the Galapagos Islands. His multiple visits to Easter Island have moved him from tourist to guide level.
