Getting Started with Organic Product Puns Enamel Pins and Jewelry Resin DIY

To begin your organic product puns enamel pins journey, you'll need a few supplies:

- Enamel pin mold
- Jewelry resin
- Dried flowers, glitter, or other decorative elements
- A pin backing
- An adhesive
- Pun-filled illustrations or stickers
- A mixing cup and stir stick

Once you have your supplies ready, follow these steps:

1. Prepare your jewelry resin according to the instructions provided by the manufacturer. It usually involves mixing two components in a specific ratio.

2. Pour a small amount of the mixed resin into the enamel pin mold, filling it up to about halfway.
3. Add your chosen decorative elements, such as dried flowers or glitter, to the resin in the mold. You can arrange them in a creative pattern or let them scatter naturally.
4. Place your pun-filled illustrations or stickers on top of the resin. Make sure they are positioned in a way that creates a balanced and visually appealing design.
5. Slowly pour the remaining resin into the mold, covering the decorative elements and illustrations/stickers completely.
6. Use a stir stick to remove any air bubbles that may have formed in the resin.
7. Allow the resin to cure according to the manufacturer's instructions, which usually takes around 24 to 48 hours.
8. Once the resin is fully cured, carefully remove the enamel pin from the mold.
9. Attach a pin backing to the back of the enamel pin using adhesive, making sure it is securely fastened.
10. Your organic product puns enamel pin with jewelry resin DIY is now ready to be proudly worn or displayed!
