Wonderful World of Sports in Plastic Canvas is filled with 25 sport themed plastic canvas designs. Each book contains a variety or assortments of different sports related pattern designs. Each pattern requires 1 sheet of plastic canvas mesh measuring 70 holes x 90 holes. Each pattern features a full color graph showing stitch placement using a continental stitch, as well as our easy match color key. Stitch these plastic canvas patterns using 7 count plastic canvas mesh, and medium or worsted weight yarn.

Plastic canvas is a variation of needlepoint and other canvas work crafts, such as embroidery. Our patterns are designed to use acrylic or wool based yarns in medium or worsted weights. Because plastic canvas mesh is so rigid, it is perfect for creating 3-dimensional objects such as tissue box covers, small jewelry and trinket boxes, handbags, magnets, dolls, vases, napkin holders, wind chimes and many other types of both decorative and useful items. Dancing Dolphin Patterns have full instructions, and large full color charts.

Plastic canvas comes in different colors and with various size holes for different thicknesses of yarn. As with any textile canvas, the hole size is called count. For example, 10-count plastic canvas mesh has 10 holes per linear inch. The most common sizes are 5, 7, 10, and 14 count. It is sold most often in sheets; pre-cut shapes are available in circles, triangles and novelty shapes such as butterflies, hearts, and stars. Our patterns are designed using 7 count plastic canvas mesh.
