The author takes us through a wonderful journey through different parts of the world, describing beautiful landscapes and telling funny and also difficult anecdotes about his journey. It is a story full of wonders and self-discovery.

"This is my story, a story that I would like to share, full of anecdotes and lessons lived in a life whose day to day can turn from a warm and contagious smile, to a crying to but not being able, or even an anger of those who want to throw everything away and not want to fight anymore. But something I learned is that one must get up after every fall, you must understand that beyond how difficult it can be, living, is something wonderful.

Read quietly, get into the story, try to understand me, to be me. Let each word remain as if it were the first. And while you read, I promise to accompany you throughout the story"
