Over the last decade and even the last few years demand from active travelers and nature lovers for more outdoor activities has led to the development of new attractions and facilities. Meanwhile, the islands of the Caribbean have opened up more areas for recreation to help visitors discover their interior as well as their beaches and to preserve their natural assets by creating national parks, marine sanctuaries, and protected areas.

Jamaica – Naturally, A Guide for Today’s Active Travelers is divided into two parts to make it easy for readers to use. A map of Jamaica with the main cities, towns, roads and parishes is included to help enthusiasts locate their prospective destinations.

Throughout the descriptions of the natural attractions, links are provided to enable users to refer directly to the sport or activity for which the location is particularly known. For example, the description of the Blue Mountains has a link to Hiking where they will find more details about trails, resources and tour companies that specialize; Morant Point, a popular surfing location at the southeastern most tip of Jamaica, has a link to Surfing; White River Valley, east of Ocho Rios, where river tubing originated, has a link to River Tubing and so on.

Part Two, Outdoor Activities, covers 24 different sports and other outdoor pursuits that Jamaica offers. These include Biking, Birding, Boating, Camping, Canoeing, Caving, Fishing, Hiking, Horseback Riding, Kayaking, Kiteboarding, River Rafting, Riverboarding, River Tubing, Rock Climbing, Scuba, Snorkeling, Surfing, Wakeboarding, Windsurfing, White water Rafting, Ziplining and more.
