Title: 1956-57 Fordomatic Car-Truck Shop Manual

- Models covered: For all Fordomatic transmissions used in the 1956 and 1957 Ford Cars, Thunderbird, and Trucks
- Author: Ford Motor Company
- Pages: 67

Description: This is an electronic reproduction of the original Ford printed manual. This manual contains complete service information for the Fordomatic transmissions used in the 1956 and 1957 Ford Cars, Thunderbird, and Trucks. The descriptions and specifications contained in this manual were in effect at the time the manual was approved for printing. This is the original manual used by the Ford dealership mechanics to guide them through transmission repairs and maintenance. All the procedures needed to check, adjust, replace, or repair the various units of the transmission and torque converter are included. Chapters describe the construction and operation of the 1955 Fordomatic transmission and

torque converter, maintenance, specifications, troubleshooting diagnosis subassemblies, and complete overhaul procedures for all transmission parts.

In many cases, the service procedures are accompanied by illustrations showing the parts and the operations being performed. Wherever special tools are needed to service a unit, illustrations show the use of the tools. Disassembled views of some of the transmission assemblies are also shown to aid in identifying the various parts and their relative position in the assemblies. Where new procedures are introduced for the first time on the 1957 Fordomatic, they also apply to the 1956 model.
