Who is Eli Talmor?

Eli Talmor is a renowned professor, author, and practitioner in the field of international private equity. With his extensive knowledge and experience, Talmor has helped shape the industry, mentoring countless professionals and conducting groundbreaking research. His contributions have been instrumental in shaping the success stories we see in the world of private equity today.

Educational Background and Academic Career

Talmor's journey began with a strong academic foundation. He pursued his bachelor's degree in economics from Tel Aviv University and later completed an MBA from INSEAD. Combining his passion for finance and education, he then obtained a Ph.D. in finance from London Business School. This solid educational background paved the way for an illustrious career that would redefine the private equity landscape.

Professional Life and Contributions

Talmor's professional achievements are nothing short of extraordinary. He co-founded the Coller Institute of Private Equity at London Business School, an influential institution focused on research and industry insights. His academic credentials, combined with his practical experience as a private equity professional, have made him a sought-after advisor for various organizations and governments worldwide.

Publications and Research Work

Eli Talmor's literary contributions have been pivotal in advancing the understanding and practice of international private equity. He has authored several critically acclaimed books, including "International Private Equity" and "International Private Equity: A Case Study of Bridging Culture and Capital."

These publications not only highlight his expertise but also serve as reliable resources for students, researchers, and professionals in the field.

Imparting Knowledge and Mentoring the Next Generation

Talmor's passion for education has transformed the lives of countless individuals. As a professor at London Business School, he has nurtured the talents of aspiring private equity professionals, equipping them with the necessary skills and knowledge to excel in this dynamic industry. His mentorship extends beyond the classroom, as he often engages in training programs, workshops, and industry conferences.

The Future of International Private Equity

The world of international private equity continues to evolve rapidly. With advancements in technology, geopolitical changes, and shifting market dynamics, the need for seasoned experts like Eli Talmor remains as vital as ever. As we move forward, it becomes increasingly crucial to cultivate new talent, leverage opportunities in emerging markets, and adapt to the ever-changing landscape of international private equity.

Eli Talmor's contributions to the world of international private equity have been invaluable. Through his extensive experience, research, and mentorship, he has played a significant role in shaping this dynamic industry. As we navigate the complexities of the global financial landscape, it is individuals like Talmor who provide the expertise and guidance necessary for success.

So, the next time you hear the term "international private equity," remember Eli Talmor's remarkable journey and the tremendous impact he has made in this vibrant field.

Bringing a unique joint practitioner and academic perspective to the topic, this is the only available text on private equity truly international in focus. Examples are drawn from Europe the Middle East, Africa and America with major case studies from a wide range of business sectors, from the prestigious collection of the London Business School's Coller Institute of Private Equity. Much more than a simple case book, however, International Private Equity provides a valuable overview of the private equity industry and uses the studies to exemplify all stages of the deal process, and to illustrate such key topics as investing in emerging markets; each chapter guides the reader with an authoritative narrative on the topic treated. Covering all the main aspects of the private equity model, the book includes treatment of fund raising, fund structuring, fund performance measurement, private equity valuation, due diligence, modeling of leveraged buyout transactions, and harvesting of private equity investments.
