The story revolves around Ada and her best friend, Nina. They notice strange lights in the sky and discover a radio signal coming from outer space. This intriguing discovery leads them to believe that aliens could be attempting to make contact with Earth!

Curiosity intensifies, and Ada and Nina team up with their classmate, Saeed, to decode the signals and uncover the mystery behind the extraterrestrial communication. Together, they design groundbreaking inventions, unravel cryptic codes, and venture into outer space in an attempt to find the truth about the signals.

Meet Ada Lace - A Role Model for Future Scientists

Ada Lace is an inspiring character who embodies curiosity, intelligence, and an indomitable spirit. She represents young scientists eager to explore the world of STEM (Science, Technology, Engineering, and Mathematics). Ada is a shining example for young readers who dream of pursuing their passions and pushing the limits of human knowledge.

Through Ada's eyes, readers are introduced to fundamentals of astrophysics, computer programming, and problem-solving. The Ada Lace Adventure series encourages young minds to embrace their natural curiosity and think critically about the world around them.

Emily Calandrelli - The Mastermind Behind Ada Lace

Emily Calandrelli, the author of this gripping adventure, is no stranger to the fascinating world of science. As a scientist, TV host, and writer, Emily has dedicated her career to sharing her passion for scientific exploration with young readers.

Known for her appearances on the Emmy-nominated Netflix series "Emily's Wonder Lab" and as a correspondent on "Bill Nye Saves the World," Calandrelli has proven her ability to captivate audiences with her love for all things science. With Ada Lace Take Me To Your Leader, she seamlessly melds education and entertainment in an enthralling story that will undoubtedly pique the interest of readers of all ages.

Experience the Magic of Ada Lace Take Me To Your Leader

Ada Lace Take Me To Your Leader offers more than just an exciting storyline and astrophysical concepts. It serves as a gateway for young readers to embark on their own exploration of STEM subjects. By immersing themselves in Ada's world, readers develop a deeper understanding of science and technology while simultaneously fostering their creativity and problem-solving skills.

Discover the wonders of space alongside Ada Lace, Nina, and Saeed as they navigate challenges, bond in friendship, and triumph over obstacles. Join them on their quest to answer the ultimate question – Are we alone in the universe?

A Journey That Ignites the Imagination

Ada Lace Take Me To Your Leader is not just a book; it's an experience that will transport you to the far reaches of the cosmos. Lose yourself among the stars as you follow Ada's courageous spirit, test your knowledge against her genius, and let your imagination soar beyond the boundaries of what you think is possible.

So, what are you waiting for? Grab a copy of Ada Lace Take Me To Your Leader and embark on an extraordinary adventure to discover the secrets of the universe! Prepare to be inspired, educated, and utterly captivated by Ada Lace and her thrilling cosmic escapade!

From Emily Calandrelli—host of Xploration Outer Space, correspondent on Bill Nye Saves the World, and graduate of MIT—comes the third novel in a fun illustrated chapter book series about an eight-year-old girl with a knack for science, math, and solving mysteries with technology.

Third grader and inventor extraordinaire Ada Lace likes nothing more than to tinker with mechanics like her robot, George. Her latest project is to fix up a ham radio, something that she could use to contact people on this planet...and beyond. The only problem is that she just can't get it to work properly.

During a sleepover, Ada's best friend Nina hears something strange coming from the radio in the middle of the night. A distant voice says, "Release the swarm!" convincing Nina that aliens are about to invade planet Earth.

Could Ada and Nina have stumbled upon something...extraterrestrial?
