

# **Exciting Insights from the 14th European Conference ECSA 2020 Aquila Italy September 14-18, 2020**

Are you eager to stay up-to-date with the latest trends and developments in the field of software architecture? Look no further! The 14th European Conference on Software Architecture (ECSA) is just around the corner, taking place in the stunning city of Aquila, Italy, from September 14th to 18th, 2020. This prestigious event is a must-attend for professionals, researchers, and enthusiasts alike, offering a unique platform to exchange cutting-edge ideas and foster collaboration.

## **The European Conference on Software Architecture: A Brief Overview**

ECSA is a premier software architecture conference that enables software professionals from academia and industry to come together and discuss innovative research, methods, and technologies in the field. Initiated in 2007, ECSA has since grown in popularity and impact, attracting a global audience of software architects, researchers, and practitioners.

ECSA aims to address the latest challenges and opportunities in software architecture, providing a fertile ground for intellectual exchange, networking, and collaboration. This conference covers a wide range of topics including software architecture design, analysis, evaluation, and evolution.

### Why Attend ECSA 2020 in Aquila, Italy?

Aquila, Italy serves as the perfect backdrop for ECSA 2020. Known for its breathtaking landscapes, historical architecture, and rich cultural heritage, this charming city offers an ideal location for an immersive conference experience. The conference venue itself is a marvel, combining modern facilities with traditional Italian charm.

Attending ECSA 2020 gives you an opportunity to interact with leading experts and researchers in the field of software architecture. By participating in technical sessions, workshops, and tutorials, you can gain insights into the latest research trends, emerging technologies, and best practices. Additionally, ECSA 2020 offers ample networking opportunities, allowing you to form valuable connections with software architecture professionals from around the world.

### Key Agenda Highlights

ECSA 2020 boasts an impressive lineup of renowned speakers and thought leaders who will present their groundbreaking research and insights. The

conference offers a diverse range of sessions, workshops, and tutorials, catering to the varying interests and expertise of attendees.

Some key highlights of the conference agenda include:

## **1. Keynote Speeches by Industry Experts**

Renowned experts from academia and industry will share their experiences, challenges, and success stories in the field of software architecture. These insightful keynote speeches will inspire and motivate attendees while providing valuable takeaways.

## **2. Technical Sessions**

Attendees will have the opportunity to participate in technical sessions focused on specific areas of software architecture such as design, analysis, and evolution. In these sessions, researchers will present their latest findings, advancements, and practical implementations.

## **3. Workshops and Tutorials**

ECSA 2020 offers a selection of workshops and tutorials, providing attendees with hands-on experiences and practical knowledge-sharing opportunities. These sessions are designed to foster interactive discussions and help attendees gain a deeper understanding of the subject matter.

## **4. Poster and Demo Sessions**

A dedicated poster and demo session allows participants to showcase their research, projects, and innovative ideas in a visually appealing manner. This engaging session encourages knowledge sharing, feedback, and collaboration.

## **5. Social Events and Networking**

Beyond the enriching technical sessions, ECSA 2020 also includes various social events and networking opportunities. Attendees can interact with fellow professionals, speakers, and sponsors in a relaxed environment, fostering connections that can lead to future collaborations.

## Registration and Accommodation Information

Registration for ECSA 2020 is now open. Early-bird discounts are available for those who register before August 1st, 2020. Accommodation options are plentiful in Aquila, ranging from luxurious hotels to cozy bed and breakfasts. The conference organizers have negotiated special rates for attendees, ensuring a comfortable and enjoyable stay.

The 14th European Conference on Software Architecture (ECSA) in Aquila, Italy is an unmissable event for anyone involved or interested in the field of software architecture. This conference provides a unique platform for knowledge exchange, networking, and collaboration, allowing attendees to stay at the forefront of the latest advancements and trends. Register now and join hundreds of software architects, researchers, and professionals in this exciting gathering!

This book constitutes the refereed proceedings of the 14th International Conference on Software Architecture, ECSA 2020, held in A’quila, Italy, in September 2020.

In the Research Track, 12 full papers presented together with 5 short papers were carefully reviewed and selected from 103 submissions. They are organized in topical sections as follows: microservices; uncertainty, self-adaptive, and open systems; model-based approaches; performance and security engineering; architectural smells and source code analysis; education and training; experiences and learnings from industrial case studies; and architecting contemporary distributed systems.

In the Industrial Track, 11 submissions were received and 6 were accepted to form part of these proceedings. In addition the book contains 3 keynote talks.

Due to the Corona pandemic ECSA 2020 was held as an virtual event.
