“I love Australia - East Coast” focuses on the essentials. We show you the must-sees after our tour along the whole west coast, the south and the east coast, and many places in the outback. From my experiences in Australia, a great travel guide with many highlights and personal experiences has emerged. I loved every minute I could spend in this eclectic country, even though it was not always a straight-lane highway. Breathtaking views of red gorges, bustling cities with great food or cafes, secluded and gorgeous beaches, and unexpected sights to marvel at. Not to mention the cute koalas, dolphins, whales, and kangaroos. You will be able to see all this with your own eyes in the great outdoors.

I carefully planned all my trips with ideas from all the good travel guides I could find, so you do not have to spend that money anymore. I also used TripAdvisor

and many helpful blogs and recommendations from locals. So, if you want a more personal experience than the usual tourist and have good explanations on how to get the best possible experience in one place, this guide is definitely right for you.
