

First EAI International Conference AICON 2019: Exploring the Frontiers of Artificial Intelligence in Harbin, China

With the rapid advancements in technology, artificial intelligence has emerged as one of the most significant fields of study in recent years. From self-driving cars to virtual assistants, AI has permeated various aspects of our lives, transforming the way we interact with machines and the world. To explore the frontiers of this evolving field, the First EAI International Conference AICON 2019 is all set to take place in Harbin, China on May 25-26, 2019. This conference promises to be a prestigious platform where researchers, scientists, and experts from across the globe will gather to discuss the latest trends, innovations, and challenges in artificial intelligence.

Overview of AICON 2019

AICON 2019 is the inaugural edition of the International Conference on Artificial Intelligence organized by the European Alliance for Innovation (EAI). This conference aims to foster collaborations, exchange knowledge, and promote innovative research in the field of artificial intelligence. With its diverse array of sessions, workshops, tutorials, and keynote speeches, AICON 2019 is designed to provide a comprehensive platform for researchers, practitioners, and students to engage in intellectual discussions and explore the potential of AI applications in various domains.

Renowned Speakers and Experts

AICON 2019 promises an exceptional lineup of keynote speakers, renowned researchers, and industry experts who have made significant contributions to the

advancement of artificial intelligence. Attendees will have the opportunity to hear from pioneers in the field and gain valuable insights into the latest developments, trends, and challenges in AI. Notable speakers include:

Artificial Intelligence for Communications and Networks: First EAI International Conference, AICON 2019, Harbin, China, May 25–26, 2019, Proceedings, Part ... Telecommunications Engineering Book 286)

by Steven Parissien (1st ed. 2019 Edition, Kindle Edition)

- Dr. Fei-Fei Li - Co-Director of the Stanford Institute for Human-Centered Artificial Intelligence
- Dr. Andrew Ng - Founder and CEO of Landing AI and Co-founder of Coursera
- Dr. Yoshua Bengio - Turing Award Laureate and Pioneer in Deep Learning
- Dr. Cynthia Breazeal - Founder and Chief Scientist of Jibo, Inc.

These visionary speakers will share their expertise, experiences, and visions, providing attendees with invaluable insights and inspiring discussions.

Key Topics and Tracks

AICON 2019 offers a diverse range of tracks and topics, ensuring an enriching experience for attendees belonging to various domains and areas of interest.

Some of the key topics and tracks covered in this conference include:

- Machine Learning and Deep Learning
- Natural Language Processing and Understanding
- Computer Vision and Image Recognition
- Robotics and Autonomous Systems
- AI in Healthcare and Medicine
- Ethics, Privacy, and Security in AI

These comprehensive tracks ensure that attendees can delve deep into their areas of interest and contribute to meaningful discussions on the latest breakthroughs and challenges in AI.

Highlights of AICON 2019

Apart from the enlightening sessions and discussions, AICON 2019 offers numerous exciting opportunities for attendees to network, collaborate, and explore the vibrant city of Harbin. Some of the highlights of the conference include:

- **Poster Presentations:** Attendees will have the chance to showcase their innovative research through poster presentations, allowing for valuable feedback and networking opportunities.
- **Networking Sessions:** AICON 2019 features dedicated networking sessions where attendees can connect with fellow researchers, experts, and industry

professionals, fostering new collaborations and partnerships.

- **Workshops and Tutorials:** The conference offers various workshops and tutorials facilitated by experts in the field. These interactive sessions provide attendees with hands-on experience and in-depth knowledge on specific AI techniques and applications.
- **Harbin City Tour:** Participants can join an organized tour of Harbin, known for its rich culture and impressive architecture, including the famous Harbin Ice and Snow Festival.

Registration and Important Dates

Registration for AICON 2019 is now open, and early bird discounts are available for a limited time. Interested individuals can visit the official conference website for more details. The important dates for the conference are as follows:

- Registration Deadline: April 30, 2019
- Notification of Acceptance: May 10, 2019
- Camera-Ready Paper Submission Deadline: May 15, 2019
- Conference Dates: May 25-26, 2019

The First EAI International Conference AICON 2019 in Harbin, China is an exciting event that brings together leading researchers, experts, and enthusiasts in the field of artificial intelligence. With a diverse range of topics, renowned speakers, and engaging activities, AICON 2019 offers a unique platform to explore the frontiers of AI, foster collaborations, and gain valuable insights. Don't miss this opportunity to be a part of the AI revolution. Register now and join us in Harbin on May 25-26, 2019!
