LIZ

It's been three years since I last spoke to them. To him.

Three years, since our lives revolved around each other. We've known each other forever.

And when I walked away from them? I did what I had to do to protect myself.

Then a horrible tragedy happens and now suddenly they're always around.

They say they want to be there for me and try to be friends again.

And Brad... he's talking to me and looking at me differently.

He says he wants to take care of me. Be whatever I need him to be.

But will they forgive me when they find out what I did? Will he?

BRAD

I've known Liz my whole life.

She was my best friend until she walked away from me.

Three years later, she's still everything to me.

And I'm determined to prove it.

Whatever it takes.

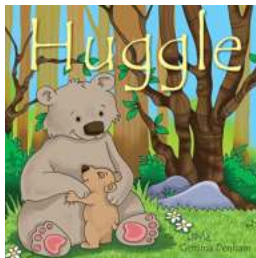

Will the secrets they kept from each other keep them further apart or will a sudden tragedy bring them closer together and help mend the broken pieces of their friendship?

What will happen when the lines between love and friendship start to blur?
