“A truly fun, emotional, and sometimes magical first experience, usually guided by a sagacious, knowledgeable, and intuitive educator.” —Library Journal

From a teacher's perspective, this book was a great way to introduce students to a Shakespeare play they otherwise might never have encountered in high school . . . much more fun working with the adaptation than it might have been if I had tackled the full script. I strongly recommend this book (and the rest of the series)

to educators who want to introduce a variety of Shakespeare plays to their students in a limited amount of time. —James Brendlinger, Chairman, Department of Arts and Communications, Lake Lowell High School, Winter Park, FL

This edition of *Henry V* presents eight scenes, using all actors as Chorus. Included in this riveting cutting are Henry's inspiring "band of brothers" oration to his men, a merry interlude with Bardolph and friends, and an irresistible scene in which Alice teaches English to Katherine and her ladies in waiting. There is also an essay by editor Nick Newlin on how to produce a Shakespeare Play with novice actors, and notes about the original production of this abridgement at the Folger Shakespeare Library's annual Student Shakespeare Festival.
