You won't mistake the Hyundai Veloster for anything else. With its asymmetrical door layout, there's no other vehicle like the Veloster. The oddball hatchback backs up its looks with engaging driving dynamics, especially in R-Spec and N flavors. The 2021 Hyundai Veloster is a quirky three-door hatchback that's cheap to own and rewarding to drive. While thrill-seekers will prefer the rowdier Veloster N model (reviewed separately), the regular version does offer an optional 201-hp engine and admirable performance. Although its small cargo area and below-average fuel economy place it behind other compact cars, the 2021 Veloster has a unique personality that many of them don't. As expected from every Hyundai vehicle, the Veloster is strong in value thanks to a long list of standard equipment and the car's fun-to-drive character.
