Pray and declare that this is your year of goodness and fruitfulness. Marriage is a beautiful thing in the sight of God and He honors it and grants great favor when it happens but in the sight of the devil, it is a threat to his kingdom for he knows the power of two spirits joining to become one. He has been with God so he understands the mystery behind joining spirits together, that mystery that holds

Trinity, God the father, son, and Holy Spirit. Ecclesiastes 4:12, He knows that when this happens, they become stronger, cannot easily be broken, achieve greater things, support each other in strength not to fall, and Move Mountains when confronted with one. That is the same thing that works in marriage. So he targets and attacks from the single to the engaged to the married and what he attacks is their peace to create disunity in the spirits for he knows that when the spirits are in unity, they will do mighty things. Then he does that by sending different arrows to separate them and that explains why so many will start relationships with great love and end up later being strong enemies after marriage. This has caused outrageous numbers of divorces and separations among couples worldwide. They fight each other thinking that they will resolve issues by doing that not knowing that the initiator is right behind them projecting things that will make them remain in disunity for he knows the power in unity. This is the time to change battle from physical to spiritual battles, from fighting humans to fighting the forces behind those things Ephesians 6:12. This is a spiritual guide and counseling book that will help you see some things we overlook in relationships and marriage that the devil and his agents use as stronger tools for war against the peace of the union. It will guide you with devotions and prayers to stir up a fire that will draw blessings into your relationships or marriage for greater results in 2021.
