Set in a medieval world of magic and dragons, a small village is put in danger by a powerful warlock who is intent on driving the Caucasian villagers out of their homes, and even putting them to death.

The villagers want answers about the new warlock's intentions. They form a rag tag search party to go and uncover what is actually happening on his perilous mountain home.

The villagers know nothing of magic and have no way of countering the warlock's evil powers. There is one villager in their midst, however, a young black woman who was orphaned to the village when she was much younger. Her parents were put to death by evil forces afraid of their magic powers. Yet, she managed to escape and hide in the village. She is from a land where magic, enchantments and special potions were as routine as the air they breathed. She has managed to hang onto her parents occult books and remembers enough of their paranormal, magical ways so that she can at least put up some resistance to the

warlock on behalf of the village. But to get her to the mountain where the warlock resides, will require brave men who are willing to risk their lives for the virgin Negress witch. Luckily for her, the two brave white men assigned to keep her safe, are also the two young white men who are competing for her hand in marriage, and they would do anything to win her love and to keep her safe from the new evil powers that be. The warlock's world of evil magic would seem to be much more powerful than they are able to confront. But both men have a very secret weapon, and that is the very real love they have for the beautiful and enchanting Negress witch! Each white man in shining armor will do anything they must to not only to keep her safe, but to impress her into choosing them over their rival. 'In Love With The Negress Witch is volume one in the trilogy "An Evil Magic."

Volume 2, 'Battle for Jaundra Mountain,' will be available for just .99 cents, ten days after this first volume in the trilogy has been released.
