Characteristics of the Abitibi Dragon

The Abitibi Dragon is renowned for its impressive size, measuring up to an astounding 50 feet in length. Its serpentine body is covered in iridescent scales that shimmer in various shades of green and gold, blending seamlessly with the lush foliage of its natural habitat. The dragon's wingspan is equally awe-inspiring, enabling it to glide through the skies with grace and precision.

Unlike most dragons depicted in stories, the Abitibi Dragon is not a fire-breathing creature. Instead, it possesses the ability to manipulate fire and utilize it to its advantage. This power is believed to have been bestowed upon the dragon by ancient sorcerers seeking to harness its potential to protect Abitibi and its inhabitants from external threats.

Another fascinating aspect of the Abitibi Dragon is its intelligence. Renowned for its wisdom and insight, the Abitibi Dragon is said to possess the ability to communicate with humans through a spiritual connection. This unique bond between the dragon and humanity has forged a deep respect and reverence, making the creature an integral part of the region's culture and traditions.

The Legends and Mythical Tales

Throughout the centuries, various legends and mythical tales have surrounded the existence of the Abitibi Dragon. One popular story recounts a heroic battle between the Abitibi Dragon and an army of invaders seeking to seize control of Abitibi's resources. The dragon's fiery breath and impenetrable scales proved to be insurmountable, leading to the invaders' eventual retreat.

Another tale speaks of how the Abitibi Dragon saved the region from a devastating drought. The dragon is said to have performed a sacred ritual, summoning rain to quench the parched lands. This act of benevolence further solidified the bond between the dragon and the people of Abitibi.

2050

It was the fall of 2050, and after cleaning three of the major rivers in china, only one remained, Heilongjiang, the river of the black dragon Konglong. We will need a large quantity of water, from Lake Baikal, where the sons of the Dragon have turned evil. Our mission is to open all hydro dams and flood the river, apply a special chemical formula, my father invented, down stream to float all the heavy contaminants in the river beds, and recycle them once they meet the salty waters of the ocean.
