"Over the last two years I have traveled Bolivia four times. Among the score of Bolivian guides that I have reviewed, two stand out: "Pocket Adventures Bolivia" and "Footprint Bolivia". Both are solid guides, yet, both have their flaws.

"Pocket Adventures Bolivia" has great recommendations for both accommodations and restaurants. It has maps for all the major cities and each maps list the locations of the recommended eateries and lodgings. The ` section is brief, but informative (history, culture, ecology, etc.). Each city (or location) is well laid out and out of all of the guides that I have reviewed, none is better than "Pocket Adventures Bolivia" in listing the best tour operators for each city or area.... Though its shortcoming are a hassle the strength of this guide overcomes them and this is a "Strongly Recommended" guide. Happy wanderings." -- Allan Gathercoal, Amazon reviewer
