“One year after Knitwear Design Workshop (KDW) was launched, my second book, Duets & Inspirations, was ready to join her. The only problem was that, this time, we were working in an altered universe with a virus looming and no one was quite sure of what they knew. However, we had come this far and were not about to stop.” – Shirley Paden

The Duets Handbook is a personal account of Shirley Paden and team’s exploration into uncharted creative territory. How do you self-publish a technical knitting book capable of showcasing all the techniques taught in KDW, and then

some with just an online event? Their only option was to blaze new trails. And that was precisely the voyage taken by Shirley and her creative director, Quinn-Sterling von Hassell. They say it takes a village to put on a world-class event. Well, here we see what's possible with a small, passionate crew, dedicated models, and lots of coffee. Even when having to find workarounds for a malfunctioning garment steamer.

This is a handbook on how to pull off a production in a world that spends more time watching programs on screens than ever before. Between these covers, you'll be taken into the creative workings of their unique fashion experience and see some of the designs showcased. Shirley has also included the full pattern and instructions for her Coquilles Capelet – a key piece featured on their virtual runway.

Finally, you'll discover the original story of Shirley's much sought-after Design-A-Longs. DALs are rigorous design challenges for knitters who aspire for more. At the same time, they are richly rewarding creative pursuits undertaken by kindred spirits. Her early DALs united a global community of knitwear designers, the fruits of which you will see on the Duets virtual runway.

All-in-all, the Duets Handbook is a natural continuation of Shirley's creative legacy. It's where you will experience the full knitwear fashion journey, from conception to craft. In the end, readers are pushed beyond the realm of knitting and into brave new vistas of pattern design, just as Shirley and her team were pushed into the unknown with the launch of this project. The successful launch and release of Knitwear Workshop Designs: Duets and Inspirations a.k.a. Duets bears witness to the fact that great things happen when you are willing to take the leap.
