From Barcelona, I made my way to Madrid, the capital of Spain. This dynamic city offers a blend of modernity and tradition that is hard to resist. The Royal Palace, with its grandeur and opulence, showcased the rich history and majestic heritage of the Spanish monarchy. A visit to the Prado Museum introduced me to some of the finest works of art by famous Spanish painters such as Velázquez, Goya, and El Greco.

Next on my itinerary was Seville, a city that oozes with charm and passion. The flamenco performances in Triana, the famous neighborhood known for its flamenco history, left me spellbound. The scent of orange blossom filled the air as I explored the narrow streets of the old town and stumbled upon hidden gems at every corner. The Alcázar, a royal palace with stunning Islamic architecture, transported me back in time to the era of Moorish influence.

No Spanish adventure would be complete without a visit to Valencia. This vibrant city is known for its futuristic architecture, beautiful beaches, and the famous City of Arts and Sciences. I immersed myself in the local traditions, attending the famous Las Fallas festival. The sight of gigantic papier-mâché sculptures being set on fire left me speechless, as it symbolized the end of winter and the arrival of spring.

From Valencia, I ventured into the region of Andalusia, where I discovered the magical city of Granada. The crown jewel of this city is undoubtedly the Alhambra, a breathtaking palace complex set against the backdrop of the Sierra Nevada mountains. As I walked through its intricately designed halls, lush

gardens, and enchanting courtyards, I couldn't help but marvel at the genius of its architecture and the enduring legacy of the Moorish civilization.

Heading north, I arrived in Santiago de Compostela, the final destination of the famous Camino de Santiago pilgrimage route. The stunning Cathedral, believed to house the remains of Saint James, greeted me as I completed my own personal journey. The sense of accomplishment and spiritual fulfillment were indescribable.

Throughout my adventure, I indulged in the rich and diverse Spanish cuisine. From tapas and paella to churros and sangria, each dish was a delightful explosion of flavors. The Mediterranean climate allowed me to relish fresh seafood, locally produced olive oil, and exquisite wines that perfectly complemented each meal.

In , my reign in Spain was a mesmerizing voyage that allowed me to discover the true essence of this captivating country. When Rich Bradwell was told he had to give his best man's speech in Spanish, he did the only thing he could think of: he went to Spain. Despite a near-zero knowledge of the language, he had three months to learn. No problem, or so Rich kept telling himself.

Rich dives in at the deep end by moving in with an unintelligible Spanish landlady, and a German roommate, Nils, who insists on being called by his Spanish name, "Miguel". Unsurprisingly, Miguel can only take Rich's Spanish so far. Instead, Rich takes his chances on a journey across Spain.

Follow Rich on a hilarious, life-changing trip as he learns about the history, traditions and culture of this fascinating country. He travels through the vineyards of La Rioja, surfs in the Basque Country and frantically tries to speak Spanish at anyone he can find. In Granada, the last outpost of the Muslim Moors in Spain, Rich's moment finally arrives. The microphone is on and the audience is ready, but is he?
