Comments From Other Readers

"Being new to crocheting, I was looking for something that would be easy to follow and keep up with. I've been learning how to crochet with my daughter and I thought this was the perfect book! We were both able to follow along with the patterns and made some cute scarfs and matching mittens. We each picked our own colors but it was great getting to work on the project together!" - Tobi (Manitoba, Canada)

"There's so much that can be done with these books! I'm not a novice, I've been working with yarn for years and I even spin my own, but it's nice to get back to the basics sometimes to keep my skills sharp. That's why I love books like this that help me to keep steady with my skills. The instructions were clear and the patterns came out wonderful. This is a great book for beginners or even more advanced crafters!" - Erika (Los Angeles, US)
