

# Peru As It Is: Volume of Residence in Lima and Other Parts of Peru

Welcome to Peru, a country full of rich culture, breathtaking landscapes, and diverse communities. In this article, we will delve into the volume of residence in Lima, the capital city, and explore the various regions of Peru that offer unique living experiences. Strap in and get ready for a virtual tour of Peru's residential landscape!

## **Lima: The Vibrant Capital City**

Lima, the largest city in Peru, is a bustling metropolis with a population of over 10 million people. It serves as the economic and cultural hub of the country,

attracting residents from all corners of Peru and beyond. The city is known for its contrasting neighborhoods, each offering a distinct ambiance and lifestyle.

**Miraflores:** Miraflores is one of the most well-known neighborhoods in Lima, characterized by its stunning coastal views, upscale residential areas, and vibrant nightlife. Its proximity to the Pacific Ocean makes it a popular spot for locals and tourists alike.

**Barranco:** If you are into art, music, and bohemian vibes, Barranco is the place to be. This colorful neighborhood is dotted with art galleries, live music venues, and trendy cafes. It is a magnet for artists, musicians, and free spirits.

## Peru Beyond Lima

While Lima is undoubtedly the heart of Peru, the country offers a myriad of other fascinating regions to live in. Let's explore some of them:

### Arequipa

Arequipa, often referred to as the "White City" due to its stunning colonial architecture (built from a white volcanic stone called sillar), is a UNESCO World Heritage Site. Its charming streets, beautiful plazas, and close proximity to the breathtaking Colca Canyon make it an attractive location for those seeking a mix of history, nature, and a slower pace of life.

## **Cusco**

Cusco, the former capital of the Inca Empire, is a city soaked in history and mystique. Its cobblestone streets, Incan ruins, and Spanish colonial architecture create an enchanting atmosphere. Cusco serves as the gateway to the world-renowned Machu Picchu, attracting a constant stream of tourists from around the globe.

## **Iquitos**

Iquitos, located in the heart of the Amazon rainforest, is a city like no other. With no roads connecting it to the rest of Peru, it can only be reached by air or water. This isolated city is a haven for adventure seekers, nature lovers, and those interested in Amazonian culture. Explore the vast jungle, encounter unique wildlife, and immerse yourself in the indigenous communities that call this place home.

Peru truly offers a wide range of living experiences, from the bustling urban lifestyle in Lima to the tranquility of historical cities and the untamed adventure in the Amazon. Whether you prefer the vibrant energy of a big city or the peacefulness of rural life, Peru has something to offer to everyone.

So, if you're considering a move to Peru or just daydreaming about the possibility, keep these diverse regions in mind. Start planning your Peruvian adventure and

get ready to immerse yourself in the magic of this beautiful country.

## Preface

In this refined age and country, to make a graceful appearance as an author requires endowments to which the writer of the following pages has no pretension: neither would he have intruded himself on the public notice, had he not thought it a duty incumbent on every one who travels, to give his own country the benefit of his observation and experience. He will venture to assert, that he has had ample means of making himself acquainted with his subject, and that he has treated it with candour and impartiality.

For upwards of ten years he lived in Peru: sometimes residing among miners; at other times associating with agriculturists; and professionally brought into contact with persons of all classes and ranks in society, from the palace to the humblest hut.

In the interior of Peru, but more especially in Lima, the writer has met with great courtesy and kindness in private life, and been distinguished by very flattering marks of public favour. He therefore, it may be well believed, has not “set down aught in malice;” and he trusts that in the following pages there will not be found any thing injurious to the Peruvian people, or at variance with that lasting gratitude and honest pride with which he remembers and acknowledges their hospitality.

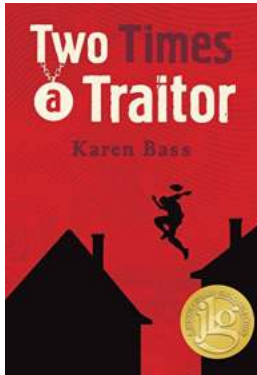

With respect to the manner of executing his task, he feels that he requires the indulgence of his reader; but, with regard to the matter, he persuades himself that, however unskilfully treated it may be, and however deficient in that exquisite minuteness of detail which delights the curious, it will nevertheless be found to convey to the intelligent reader a fair general idea of the physical and moral condition of Peru; which, as it is all that the writer has aimed at, so to have attained it is all that he desires.
