"City" is a bright, colourful picture book for young children. It is absolutely "must have", if you need a book that helps your little ones to learn more about big city life as well as introduce the most important rules to them!

WHY THIS BOOK?

□World can be a confusing place, especially for toddlers, when there are so many different places and so many difficult rules around!

With the help of this book parents can familiarize their children with the big city life and also help them to learn some basic rules we all need to follow, without getting them scared.

WHAT IS INSIDE?

□The book has a very understandable design: big colourful picture and a couple of simple phrases per page, which makes it very easy to follow and to remember.

WHAT AGE GROUP IS IT FOR?

□This book is ideal for toddlers and kindergarten age children. The characters are so cute and friendly that little learners will definitely like them, the text is short, very clear and easy to understand. That all will motivate children to reread this book over and over again.

WHERE TO USE IT?

□Being available in application in e-book format, "City" is an ideal option to take with you to educate and entertain your children during the journeys. Moreover, you can use this book before going to some places in the city to prepare your child for the exciting trip or even during the visit, to check some ideas or to repeat some important rules.

HOW TO USE IT?

Before reading you can:

□Look at the pictures and encourage children to find as many familiar objects as possible. Discuss their size and colour.

□Ask children to describe what is happening in the picture they like the most.

While reading you can:

□Ask children to add more information or share their ideas ("What else can you buy at the shops?", "What other vehicles do you often see on the roads?", "What ice-cream is your favourite?", "What do you love doing in the park?").

□Highlight the rules that you want children to learn and follow. Explain why they are so important.

After reading you can:

□Talk about places. Let children tell what they have already visited and what they have done there, what places are there in their neighborhood, what places they have never visited yet.

□Discuss with the little ones what they have learnt. What new words, places or rules do they remember. What do they agree or not agree with.

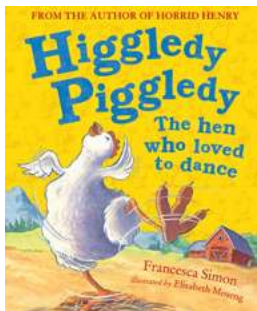

□And don't forget to have some fun together creating your "ideal city", making up some "crazy rules" or drawing the map of your neighborhood!

The picture book "City", in the cheerful and interactive way, will help parents to introduce their children to different aspects of everyday life in the big city.
