My name is York. I'm a scavenger. I'm fourteen years old . . . I am on a mission to save mankind.

The zoids have taken over the Biosphere and it is up to York to journey back into the memory banks of the central computer to discover the glitch that first

corrupted the zoids and threatened humanity. In danger of losing himself in this warped world, York must battle his own mind to find the answers he needs.

With the fate of mankind in his hands, is York strong enough to hold on to himself?

The final book in this exciting series, Scavenger: Mind Warp is a gripping futuristic adventure from the award-winning Paul Stewart and Chris Riddell.
