## Getting Started: Selecting the Right Fabric Scraps

When it comes to scrappy quilts, the possibilities are endless. You can choose fabric scraps in various colors, patterns, and textures to create a truly unique piece. However, it's essential to keep a few things in mind while selecting your scraps.

**Color Coordination:** Aim for a cohesive color scheme by selecting scraps that complement each other. Consider using a color wheel for inspiration, ensuring that your selection follows a harmonious combination.

**Pattern Variety:** Mix and match different patterns to add visual interest to your quilt. Combine florals, geometrics, polka dots, and solids to create an eye-catching design.

**Texture Play:** Incorporate fabrics with different textures to create dimension within your quilt. Pair smooth cotton with soft flannels or silky satin to add depth to your creation.

## Choosing the Perfect Square Size

One of the beauties of scrappy quilts is the ability to choose from a wide range of square sizes. The size you select depends on factors such as the complexity of your design, the desired finished size, and personal preference.

**Small Squares:** Smaller squares, such as 2x2 inches, are perfect for intricate designs that showcase a broad variety of fabric scraps. Sewing smaller pieces together creates a beautiful mosaic effect.

**Medium Squares:** 5x5 inches squares strike a balance, enabling you to enjoy the charm of a scrappy quilt while still allowing for more noticeable fabric patterns and prints.

**Large Squares:** For a more simplistic approach, opt for larger squares, such as 10x10 inches. This size will let you showcase the fabrics in a more prominent way, allowing their unique characteristics to shine through.

**Add Sashing:** Consider adding sashing strips between your fabric squares to create separation and add an extra touch of elegance to your quilt.
