This book recounts our experiences as my brother and I decide to skip the cold dark winter in Europe and travel to Cuba, Central America and Colombia for 4

months and partake in a ‘once in a lifetime’ travel adventure.

I decided to write a blog during the trip to let our family and friends know what was happening with us on the other side of the world.

Due to the popularity of the blog, this book was born.

This book covers the two middle months when we travelled from Cancún, Mexico through to Panama, taking in eight very interesting and fascinating countries of Central America along the way.

During our travels we saw many ancient Mayan sites, explored volcanoes, relaxed on beautiful peaceful beaches, met some fantastic people and learned a lot about travelling to boot.

I hope you enjoy this journal of our adventure which details our 62 days ‘on the road’ along with 184 selected photos.

Enjoy!
