## The Process of Creating a Strip Paper Pieced Medallion Quilt

Creating a strip paper pieced medallion quilt requires patience, precision, and a love for fabric. The following step-by-step guide will walk you through the process of creating your own stunning strip paper pieced medallion quilt:

### Step 1: Gather Your Materials

Before you start quilting, make sure you have all the necessary materials. This includes a variety of fabric strips, a sewing machine, thread, scissors, a cutting mat, a rotary cutter, and a ruler. Additionally, choose a design or pattern for your quilt.

### Step 2: Prepare Your Fabric Strips

Measure and cut your fabric into strips of equal width. For the medallion, choose a wider strip that will serve as the centerpiece. This strip should be the focus of

your design and could have a bold pattern or contrasting color to make it stand out.

### **Step 3: Sew the Strips Together**

Starting with the centerpiece strip, sew the remaining fabric strips to each side until you achieve the desired size. Take your time to ensure that the seams are straight and aligned properly. Press the seams open or to one side, depending on your preference.

### **Step 4: Add Borders**

If you want to enhance the design and add more visual interest, you can incorporate borders to your quilt. Borders can be created by sewing additional strips of fabric around the edges of the pieced medallion.

### **Step 5: Create the Quilt Sandwich**

Once you are happy with the design and size of your quilt top, it's time to create the quilt sandwich. Lay your pieced medallion quilt top on batting and backing fabric, making sure all layers are smooth and aligned.

### **Step 6: Quilting the Layers**

Secure the layers of your quilt by pinning or basting them together. You can then quilt the layers by machine or by hand. Choose a quilting design that complements your strip pieced medallion quilt and stitch along the fabric strips to add texture and interest.

### **Step 7: Binding and Finishing Touches**

Lastly, bind the edges of your quilt to give it a polished and finished look. You can use a fabric strip that matches the design or opt for a contrast binding to create a visual frame for your strip paper pieced medallion quilt. Once the binding is

complete, make any final touches, such as trimming loose threads, and give your quilt a gentle press.
