Strap in as we delve into the mesmerizing world that Merrill so masterfully presents.

The Divine Reception

One evening in 1955, James Merrill and his partner David Jackson decided to experiment with a Ouija board. Little did they know that this casual activity would be the catalyst for an extraordinary journey into the realm of the mystical - a journey that would last over two decades.

"The Changing Light At Sandover" emerged from Merrill and Jackson's numerous sessions with the Ouija board. They believed they were receiving messages from a variety of supernatural entities, including angels, demons, and spirits from the deceased. These communications formed the backbone of what would eventually become one of the most unique and intriguing works of poetry in the 20th century.

A World of Entities

Angels act as spiritual guides, offering wisdom and guidance to Merrill and Jackson as they navigate the intricacies of these new realms. The deceased also play a significant role, with Merrill frequently engaging in conversations with departed souls, offering a glimpse into a haunting yet comforting afterlife.

James Merrill's audacious and dazzling epic poem, *The Changing Light at Sandover*, remains as startling today as when it first emerged in separate volumes over a period of several years. Individual parts won the Pulitzer Prize and the National Book Award, and the entire poem, when it was collected into one volume in 1982, won the National Book Critics Circle Award. It is now an American classic, here in a definitive new hardcover edition that includes *Voices from Sandover*, Merrill's recasting of the poem for the stage. The book carries us to the scene of Merrill's Ouija board sessions with his partner, David Jackson—the candlelit Stonington dining room with its flame-colored walls and the famous Willowware cup they used as a pointer in their occult travels. In a shimmering interplay of verse forms, Merrill set down their extended conversations with their familiar and guide, Ephraim (a first-century Greek Jew), W. H. Auden, W. B. Yeats, Plato, a brilliant peacock named Mirabell, and other old friends who had passed to the other side. JM (whom the spirits call "scribe") and DJ ("hand") are also introduced to the lonely eminence God B ("God Biology"), his sister Mother Nature, and a host of angels and lesser residents of the empyrean who are variously involved in the ways of this world.

The laughter, the missteps, and the schoolroom frustrations of the earthly pair's gradual enlightenment make this otherworldly journey, finally, and utterly human one. A unique exploration of the writer's role in a postatomic, postreligious age, *Sandover* has been compared to the work of Yeats, Proust, Milton, and Blake. Merrill's tale of the joys and tragedies of man's powers, and his message about the importance of our endangered efforts to make a good life on earth, will stand as one of the most profound experiences available to readers of poetry.
