Rose leaves decorate the edges of this scarf end pattern, and an oval medallion in the center makes it unique. You can use this pattern to beautify the end of a table runner or dresser scarf, or leave the top oval off for a pretty valance. Designed in 1925 by Olive F. Ashcroft, it is very unusual and effective.

This is not your usual scanned vintage crochet pattern. To make this pattern great for today's crocheter I wrote complete instructions, expanded the written instructions so you won't need to skip around, and made an easy to follow chart. I also changed the written instructions to use modern US crochet terms.

The only stitches you need to know to complete this lace are: chain stitch, single crochet, double crochet, and slip stitch.
