

The Day The World Stopped Turning: A Moment We Will Never Forget

It was a day like any other. The sun rose, casting its golden rays upon the Earth, as people went about their daily routines. Some were getting ready for work, while others were bustling into schools and universities. Little did they know that this ordinary day would soon become etched into their memories forever as the day the world stopped turning.

At exactly 8:46 am on September 11, 2001, the world witnessed an event that would change the course of history. As American Airlines Flight 11 crashed into the North Tower of the World Trade Center in New York City, a sense of disbelief spread across the globe. People from all walks of life stood frozen, their eyes fixed on their television screens or radios, trying to comprehend the magnitude of the tragedy that had just unfolded.

The sheer horror of the moment grew exponentially as United Airlines Flight 175 struck the South Tower just minutes later. The world watched in disbelief as smoke billowed out of the towers, flames engulfed the floors, and brave firefighters and first responders rushed towards the danger, determined to save lives. The magnitude of the situation was beyond anyone's comprehension.

As the day progressed, the nightmare continued to unfold. American Airlines Flight 77 crashed into the Pentagon, and United Airlines Flight 93 met its tragic fate in a field in Pennsylvania. The attacks were orchestrated by terrorists, who had hijacked the planes with the intention of causing mass casualties and instilling fear into the hearts of people worldwide.

The events of that fateful day shook the world to its core. The loss of thousands of innocent lives, the unimaginable destruction of iconic structures, and the profound sense of vulnerability left everyone questioning the future. The world as we knew it had come to a screeching halt, forever altering the course of history.

The aftermath of the attacks was marked by mourning, resilience, and a renewed sense of unity. The international community stood together, offering condolences and support to the United States. The saying "United we stand, divided we fall" became more relevant than ever before.

The heroism and bravery displayed by countless individuals during those dark hours will forever be remembered. Firefighters, police officers, medical personnel, and ordinary citizens risked their lives to save others, embodying the true spirit of humanity. Their selflessness and acts of kindness in the face of adversity became symbols of hope in a world marred by tragedy.

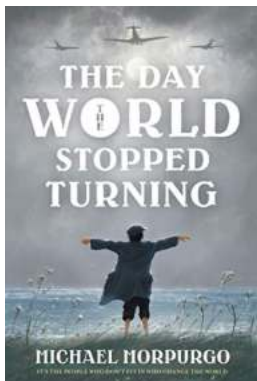

Today, two decades later, the memory of that day remains alive. The World Trade Center site has been rebuilt, soaring once again towards the sky, becoming a

symbol of resilience and the human spirit. Memorials and museums stand as testaments to the lives lost and the lessons learned.

The day the world stopped turning was a reminder of the fragility of life and the need to cherish every moment. It was a stark wake-up call that even in the face of unspeakable evil, humanity possesses an unwavering strength to overcome and rebuild.

So, as we remember that fateful day and honor the lives lost, let us also take a moment to reflect on the countless acts of bravery and kindness that emerged from the ashes. Let us cherish the unity that prevailed during those difficult times and strive to create a world where such atrocities are unthinkable.

The day the world stopped turning, a moment we will never forget. Remembering September 11, 2001.

Michael Morpurgo's *The Day the World Stopped Turning* is a middle-grade novel about an extraordinary boy who sees the world differently.

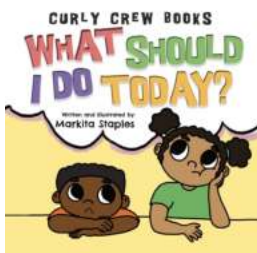

In the unique landscape of the Camargue (France) during World War II, Lorenzo lives among the salt flats and the flamingos. There are lots of things he doesn't understand—but he does know how to heal animals, how to talk to them; the flamingos especially. He loves routine, and music too: and every week he goes to market with his mother. It's there he meets Kezia, a Roma girl, who helps her parents run their carousel—and who shows him how to ride the wooden horse as the music plays.

But then the German soldiers come, with their guns. Everything is threatened, everything is falling apart: the carousel, Kezia and her family, even Lorenzo's beloved flamingos. Yet there are kind people even among soldiers, and there is always hope. . .
