As they journey deeper into the vastness of space, strange occurrences start to unfold. Unexplained malfunctions plague their ship, and eerie shadows dance in the corners of their vision. The crew members' sanity is put to the test as they find themselves trapped in a nightmarish reality where time and space lose their meaning.

The Devil's Presence

The crew's encounters with The Devil Within become increasingly terrifying. It effortlessly manipulates their fears and weaknesses, driving them to the brink of madness. The line between reality and hallucination blurs as they struggle to distinguish friend from foe. A Descent into Darkness

As the crew descends further into madness, they discover ancient relics and markings that suggest The Devil Within has existed for eons.
