Mark Brooks is at it again. Undaunted from his “breakout trip” attempt to conquer the Brazilian Amazon River mystique (The Amazon Man), he is now headed to Peru to tackle the famed Inca Trail trek. He loved and lost during his freedom trip down the mighty Amazon, but this time he’s lost in love. He soon discovers that the twists and turns of the ancient Inca Highway provide more drama than he had bargained for.

Political demonstrations in Lima; a near-fatal whitewater rafting incident; a dangerous rebel attack by guerilla dissidents, and finally, a daring trail rescue of a fellow trekker all provide the springboard of suspense and excitement for Mark’s

thrilling, high-altitude adventure. These events were never listed in his travel brochure itinerary!

He defended his new love's honor and now he must pay (machismo--it's a guy thing). The Marxist rebels want his "cojones" and to do worse to his new mate. Monitoring a hidden shortwave radio, a hobby left over from his military days, alerts him to the danger. Brooks' cunning aids the pair in their efforts to attempt to keep one step ahead of the machete's deadly promise. A new friend deceives Mark and the result is only to raise the stakes. In the end, Mark and his new love fulfill their passionate promise and the thugs learn a deadly lesson...but from whom? The killer's true identity remains in doubt until the final page when separate homebound flights depart and the last piece of the puzzle falls into place.

The final outcome proves that no one can be trusted. The sought- after serenity of the high-elevation city of the Incas, mixed with the high-octane excitement of the rugged journey getting there, both promise to take you on the trek of a lifetime.
