This book looks at an important turning point in the history of the bus industry in Britain. 1967 was the penultimate year to the end of an era, when private and semi-nationalized company's operated the bus networks in this country. After 1967 the network was never the same again, with the formation of the National Bus

Company in 1968. The NBC was a very bland organization compared to the colourful bus companies that had existed before nationalization, and many small municipal fleets amalgamated to form Passenger Transport Executives. This comprehensive volume covers a large number of the bus companies throughout the country in 1967 and also has a good readable narrative describing Jim Blake's journeys travelling on these services across Britain.
