Imagine a world where friends become foes, where trust is nothing but a distant memory. The Mejuarian thrives in such an environment, overthrowing alliances and destabilizing societies. The first destruction, betrayal, is like a poison that seeps into the hearts of individuals, corroding honor and fostering deceit.

### The Second Destruction: Dishonor

The Mejuarian's second destructive force is the corruption of honor itself. It tarnishes the reputation of individuals by exposing their darkest deeds and revealing their compromising secrets to the world. The dishonor caused by The Mejuarian is not limited to personal disgrace but extends to affecting entire families, communities, and even nations.

Picture a once-respected figure, now haunted by whispered accusations and scrutinized by the judging eyes of society. The Mejuarian's relentless pursuit of dishonor demolishes any chance of redemption, leaving its victims isolated and broken.

### **The Third Destruction: Disloyalty**

When The Mejuarian sets its sights on honor, loyalty becomes its prime target. It fuels discord and mistrust, driving wedges between once inseparable companions. By sowing seeds of dissent, The Mejuarian tears apart the fabric that holds relationships together.

Imagine towering castles of friendship, love, and allegiance collapsing as if struck by an invisible force. Disloyalty, the third destruction of honor by The Mejuarian, leaves individuals drifting in a sea of doubt, abandoned by those they once held dear.

### **The Fourth Destruction: Desperation**

The final facet of honor demolished by The Mejuarian is hope. It cultivates an atmosphere of despair, where aspirations fade away and dreams crumble into dust. Those affected by The Mejuarian's destructive power find themselves trapped in a cycle of hopelessness and desperation.

Envision a world where the flickering flame of ambition is extinguished, and opportunities cease to exist. The Mejuarian's relentless assault on honor pushes individuals to the breaking point, where giving up becomes the only option.

### **The Consequences of The Mejuarian's Destruction**

The impact of The Mejuarian's destruction is far-reaching. It leaves societies in disarray, with broken trust, widespread dishonor, severed loyalties, and a sense

of hopelessness hanging in the air. In such a chaotic world, individuals are left questioning the very foundations upon which honor was built.

The quest to restore honor becomes a challenging battle against an invisible enemy. Rebuilding trust, reclaiming one's reputation, repairing broken relationships, and revitalizing hope are monumental tasks. Yet, they are essential for society to rise again from the ashes.

The Mejuarian, with its four destructive forces, is a reminder of the fragility of honor. It serves as a cautionary tale of how easily it can be torn asunder and the necessity to safeguard it. Let this be a rallying call to protect honor and ensure it remains an unassailable cornerstone of our lives.

## In

The Mejuarian's four destructions of honor—betrayal, dishonor, disloyalty, and desperation—weave a narrative of devastation that leaves no aspect of honor unscathed. Its power to destroy knows no boundaries, impacting individuals, relationships, and society as a whole.

However, amidst the chaos, there is hope. As long as there are individuals willing to fight for honor, to rebuild what has been shattered, honor can endure. Let us not succumb to The Mejuarian's destructiveness but instead rise above it and prove that honor can prevail even in the face of annihilation.

A masterful race of magic users called Ecrutians once lived on earth. They held a divine eminence over humans, using them as pawns in a game of chess.

As the old ways were no longer accepted by most, Ecrutians grew soft and lackadaisical and allowed attitudes of pride and self-importance to consume them. A lust for power overtook many with aggressive natures for destruction and harm to others.

Rebellious Ecrutians created long-distance teleportation enchantments, and this once peaceful race of spellcasters began to explore other planets in search of others to dominate with their magic.

This, one of the most powerful Ecrutians, had natural abilities that gave the creation of life. His staff of gnarled, twisted wood infused with magical enchantments, too, held terrible spells.

To maintain order and preserve Ecrutian life, This decides to join with three other powerful magic users to form one fearsome magical force so their lands might be saved. He chose Lotus, Os, and Irenia, three supernatural beings that couldn't have been any more different from himself.

Lotus, an Ecrutian sorceress, had a pleasant countenance, flirtatious manner, fanciful demeanor, and a festive quality. One of the most adored sorceresses in the village, she worried over the deterioration of their kingdom.

Os, burly and over eight feet tall, was a formidable force. Dark eyes with no pupils, he never smiled, and a scowl on his face always intimidated. A warrior in his soul, he fought deadly battles against other warlords.

Irenia, an ancient wizardess, clumsy, awkward, and limited social ability, always made other Ecrutians shy away from her, but she loves peace and cherishes the life of all creatures. All love in the village diminished, and she sought for the return of harmony.

The Four unite into one being named Thire-los. Joined power directed through Thie's staff is unstoppable. All Ecrutians live under their rule or suffer the consequences. Under their leadership, as Thire-los, kingdom order is soon restored. However, restlessness consumed the great entity, and the four began to fight within.

No longer can Os live under such scrutiny by Thie, and he is cast out by the sorcerer and banished to earth to live out his life as a meager human. Without the four, order quickly returns to chaos. Irenia watched nature turn to decay while Lotus suffered heartbreak at the loss of Os, her true love.

As all Ecrutis falls to ruin and despair, Irenia and Lotus hatch a plan to reunite Thie-los.
