The Berlin Airlift was initiated to bring food and supplies to the people of West Berlin, who were cut off from the rest of the world. But amidst the chaos and uncertainty, something magical was happening in the sky - the Candy Bombers.

The Candy Bombers were a group of American pilots who, in addition to delivering essential supplies, also dropped candy from their aircraft to the children of Berlin. This act of kindness became a symbol of hope and goodwill in a war-torn city. But little did anyone know that beneath their feet, a secret bunker was being built - the Beetle Bunker.
