

The Invisible Man Signet Classics - A Classic Tale of Mystery and Intrigue

[\[view image\]](#)

The Invisible Man by H.G. Wells is a renowned science fiction novel that has captivated readers for decades. First published in 1897, this timeless classic explores the story of a scientist who discovers the secret of invisibility but soon realizes that the power comes at a great cost.

The Plot

The story follows an enigmatic character named Griffin, who, after successfully inventing a way to make himself invisible, uses his newfound power to terrorize a small English town. The invisible man's actions gradually escalate as he becomes consumed by his ability, indulging in acts of madness and criminality.

The Themes

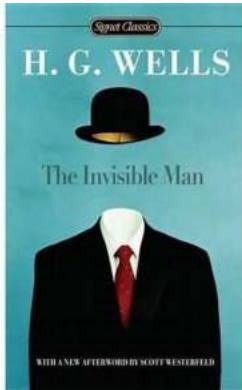

The novel explores various thought-provoking themes, such as the corrupting influence of power, the thin line between science and morality, and the consequences of unchecked ambition. H.G. Wells masterfully weaves these themes into a thrilling narrative that keeps readers intrigued from beginning to end.

THE INSPIRATION FOR THE NEW MAJOR MOTION PICTURE!

From the twentieth century's first great practitioner of the novel of ideas comes a consummate masterpiece of science fiction about a man trapped in the terror of his own creation.

A stranger emerges out of a freezing February day with a request for lodging in a cozy provincial inn. Who is this out-of-season traveler? More confounding is the thick mask of bandages obscuring his face. Why is he disguised in such a manner? What keeps him hidden in his room? The villagers, aroused by trepidation and curiosity, bring it upon themselves to find the answers. What they discover is not only a man trapped in the terror of his own creation, but a chilling reflection of the unsolvable mysteries of their own souls.

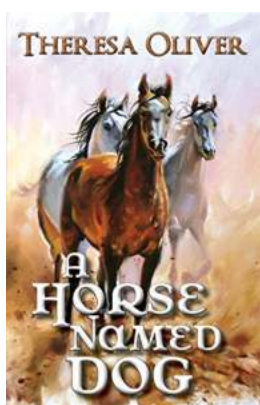

“My fantastic stories do not pretend to deal with possible things. They aim indeed only at the same amount of conviction as one gets in a gripping good dream.”—
H. G. Wells
