Set in the streets of London in 1834, Lord Rivers' riveting tale "Charlie the Chimney Sweep" follows a hardworking young chimney sweep and his friends as they work through the day to earn some pocket money. What better way to send children to bed than by regaling them with tales of sweeping out the soot from chimneys, earning some shillings, and buying hot jellied eels for dinner in the park with friends! All the while some less than reputable fellows in Parliament conspire to keep Charlie from working, likely in order to keep all the money and hot jellied eels for themselves! This story extols the virtues of hardworking children and lightheartedly demonstrates that not everyone was keen on some of the various "reforms" of 19th century Britain. A brief history of the Chimney Sweepers Acts is to be found at the end. The Chimney Sweepers Act of 1834,

herein referenced, was one of the first steps taken towards combating child labour in the United Kingdom in the 19th century.
