The Not-So-Secret Ninja 2

From The Back Cover

I was at school in my hometown, a small countryside town where, I am sorry to say, nothing interesting happened, ever.

It was lunch time and the whole school was in the cafeteria, everyone had someone to sit with, except for me.

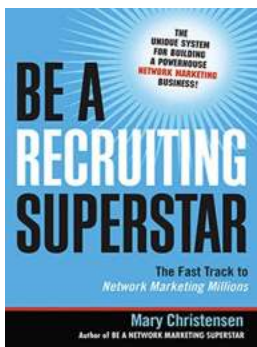

I had never had any actual friends, in fact, it was quite the opposite. My classmates used to bully me a lot, and I mean a lot.

So, I was sitting alone outside the cafeteria eating my lunch as always, seating alone beats being bullied while eating.

I heard someone yelling “Food fight!” It was the first time we had a food fight in school, I actually thought they were a myth.
