Keep it simple and do it well.

The Merchant & Mills Sewing Book contains fifteen step-by-step projects aimed at guiding you gently but firmly through the basics of sewing. Each project you make from this book will be stylish, but above all, useful.

Part I of the book presents a fundamental overview on the art of sewing, the tools and materials you will need and homegrown tips on essential good practice.

In Part II, seasoned dressmaker Carolyn Denham leads you step by step through fifteen achievable projects, each building on the skills gained as you progress through the book. First, equip your sewing room with practical items you never

knew you needed, such as a Tailor's Ham, Sleeve Roll and an Ironing Board Cover (essential items for good pressing practice), a Hussif (the ever ready portable sewing kit) and a Maker's Apron (utilitarian chic for good workers). Then go on to use your new sewing skills to make cushions, throws and bags before progressing on to garments with the Tailored Shawl and Fisherman's Top, using the paper patterns provided in the back of the book.

Make them all and you will be a very capable dressmaker with a raft of functional, beautiful, handmade goods.
